Phoenix, Arizona 85007Re: Ridgeline Water Company, L.L.C.
Docket No. W-20589A-08-0173
Compliance with Decision No. 70748

To Whom It May Concern:

Enclosed are the original and thirteen (13) copies of (i) a *revised* proposed Curtailment Plan Tariff and (ii) a *revised* proposed Cross-Connection or Backflow Tariff for Ridgeline Water Company, L.L.C. The enclosed proposed tariffs are being submitted in compliance with the Fifth and Sixth Ordering Paragraphs of Decision No. 70748.

In that regard, Ridgeline Water Company, L.L.C. has not as yet commenced the provision of water service to any customers. Accordingly, and as noted within the proposed Curtailment Plan Tariff, the company has not as yet been assigned an ADEQ Public Water System number.

Thank you in advance for your assistance in arranging for the processing of the enclosed proposed tariffs. Please let me know if you have any questions.

Sincerely,

Angela R. Trujillo

Secretary

CURTAILMENT PLAN FOR RIDGELINE WATER COMPANY, LLC

(Template 06004)

ADEQ Public Water System No: Not assigned as yet

Ridgeline Water Company, L.L.C. ("Company"), is authorized to curtail water service to all customers within its certificated area under the terms and conditions listed in this tariff.

This curtailment plan shall become part of the Arizona Department of Environmental Quality Emergency Operations Plan for the Company.

The Company shall notify its customers of this tariff concurrent with Company's receipt of an application for water service or the commencement of service to a new customer, whichever is sooner.

The Company shall provide a copy of the curtailment tariff to any customers, upon request.

Stage 1 Exists When:

Company is able to maintain water storage in the system at 100 percent of capacity and there are no known problems with its well production or water storage in the system.

Restrictions: Under Stage 1, Company is deemed to be operating normally and no curtailment is necessary.

Notice Requirements: Under Stage 1, no notice is necessary.

Stage 2 Exists When:

- a. Company's water storage or well production has been less than 80 percent of capacity for at least 48 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 2, Company may request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. Outside watering should be limited to essential water, dividing outside water on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

TARIFF SCHEDULE

Utility: Ridgeline Water Company, L.L.C.
Docket No.: W-20589A-08-0173
Phone No.: (520) 904-9621

Tariff Sheet No.: 2 of 4
Decision No.: 70748
Effective: _____

Notice Requirements: Under Stage 2, Company is required to notify customers by delivering written notice door to door at each service address, or by United States first class mail to the billing address or, at Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

Stage 3 Exists When:

- a. Company's total water storage or well production has been less than 50 percent of capacity for at least 24 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 3, the Company shall request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Beginning with Stage 3, Company shall post at least three (3) signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by the Company.
3. Company shall notify the Customer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 3.

Once Stage 3 has been reached, Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

Tariff Sheet No.: 3 of 4
Decision No.: 70748
Effective: _____

Stage 4 Exists When:

- a. Company's total water storage or well production has been less than 25 percent of capacity for at least 12 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 4, Company shall inform the customers of a **mandatory** restriction to employ water conservation measures to reduce water consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

- ◆ Irrigation of outdoor lawns, trees, shrubs, or any plant life is prohibited
- ◆ Washing of any vehicle is prohibited
- ◆ The use of water for dust control or any outdoor cleaning uses is prohibited
- ◆ The use of drip or misting systems of any kind is prohibited
- ◆ The filling of any swimming pool, spas, fountains or ornamental pools is prohibited
- ◆ The use of construction water is prohibited
- ◆ Restaurant patrons shall be served water only upon request
- ◆ Any other water intensive activity is prohibited

The Company's operation of its standpipe service is prohibited. The addition of new service lines and meter installations is prohibited.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Company shall post at least three (3) signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to major subdivisions served by Company.
3. Company shall notify the Customer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 4.

Docket No.: W-20589A-08-0173
Phone No.: (520) 904-9621

Tariff Sheet No.: 4 of 4
Decision No.: 70748
Effective: _____

Customers who fail to comply with the above restrictions will be given a written notice to end all outdoor use. Failure to comply within two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.
